

18. WIRING DIAGRAMS

COLOR CODE

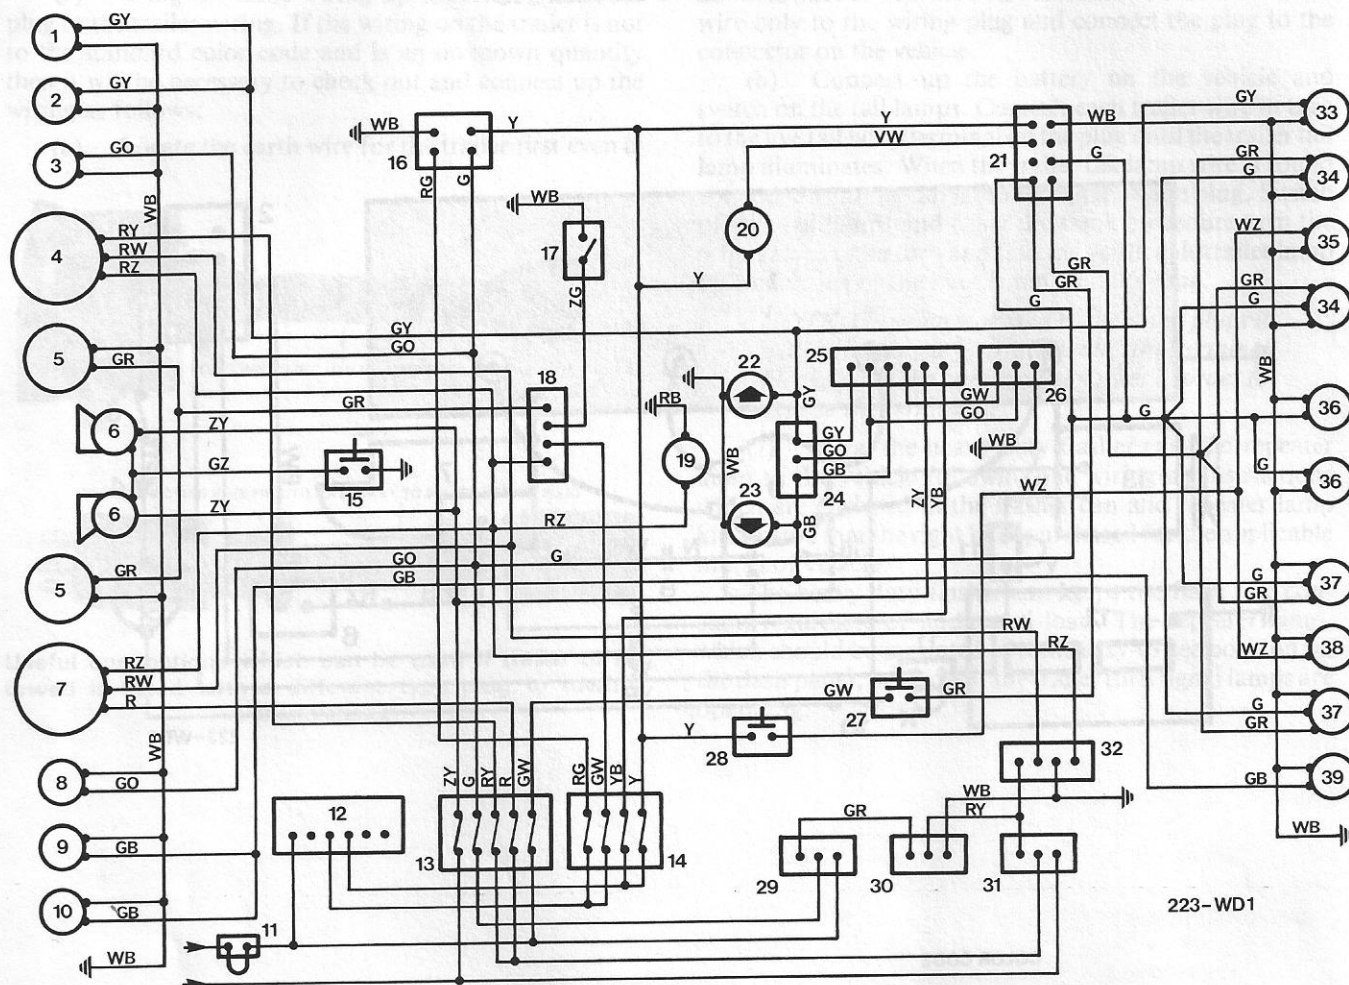

The first letter of the code represents the main wire color, the other letters represent the trace colors.

B - BLACK
 L - BLUE
 G - GREEN
 R - RED
 Y - YELLOW
 W - WHITE
 N - BROWN
 O - ORANGE
 K - PINK
 S - GREY
 V - VIOLET
 P - PURPLE
 X - LIGHT GREEN
 Z - LIGHT BLUE
 M - DARK GREEN
 T - DARK BLUE
 A - LIGHT BROWN
 E - SLATE
 D - TAN

KEY

1. Engine block.
2. Ignition switch.
3. Ignition fuse.
4. Diode.
5. Charge warning lamp.
6. Neutral safety switch (Automatic models).
7. Starter motor and magnetic switch.
8. Capacitor.
9. Ignition coil, igniter and distributor.
10. Charger fuse.
11. Fusible links.
12. Battery.
13. Alternator.

Wiring diagram of ignition, starting and charging systems.

COLOR CODE

The first letter of the code represents the main wire color, the other letters represent the trace colors.

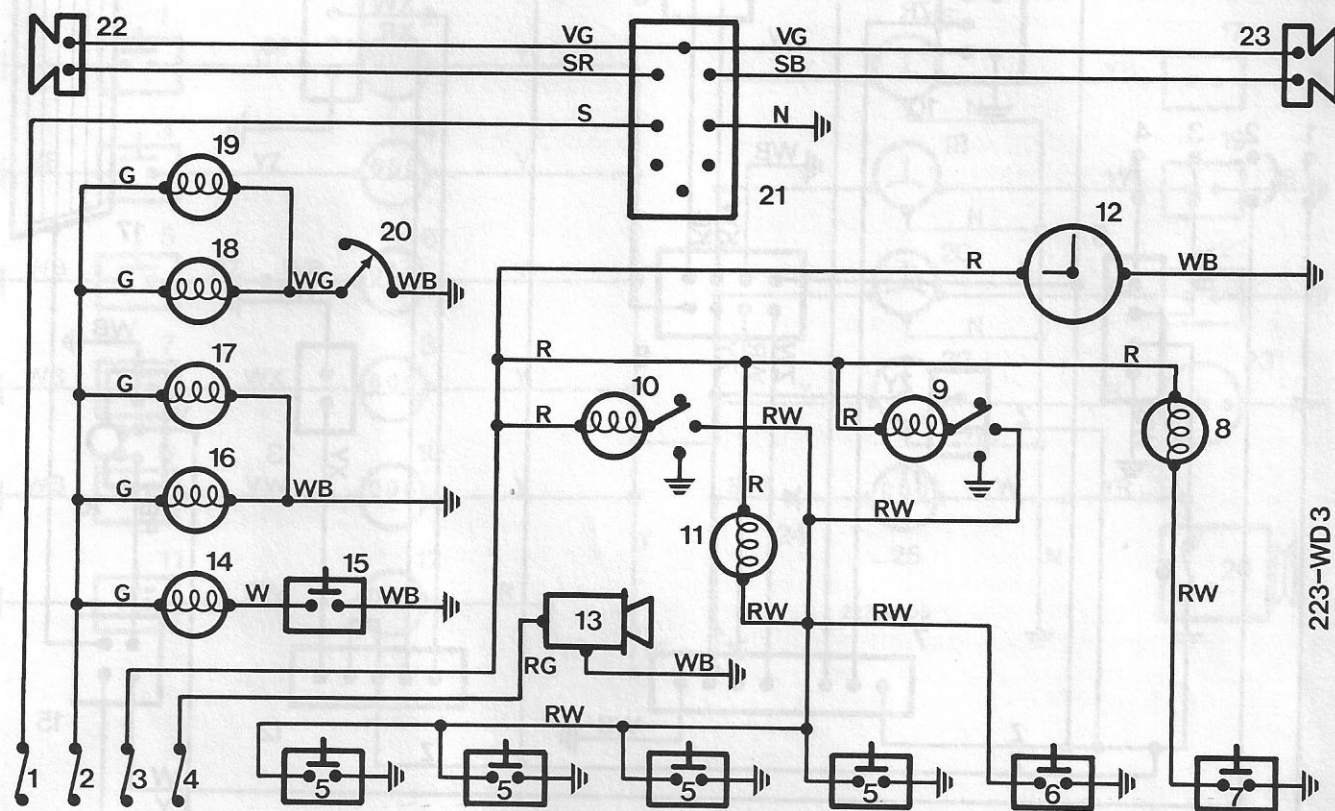

B — BLACK
L — BLUE
G — GREEN
R — RED
Y — YELLOW
W — WHITE
N — BROWN
O — ORANGE
K — PINK
S — GREY
V — VIOLET
P — PURPLE
X — LIGHT GREEN
Z — LIGHT BLUE
M — DARK GREEN
T — DARK BLUE
A — LIGHT BROWN
E — SLATE
D — TAN

KEY

1. R.H. side turn signal lamp.
2. R.H. front turn signal lamp.
3. R.H. park lamp.
4. R.H. headlamp.
5. Driving or fog lamps.
6. Horns.
7. L.H. headlamp.
8. L.H. park lamp.
9. L.H. front turn signal lamp.
10. L.H. side turn signal lamp.
11. Fusible link.
12. Ignition switch.
13. Underbonnet fuse box.
14. R.H. kick panel fuse box.
15. Horn button.
16. Light reminder.
17. Driving/fog lamps switch.
18. Driving/fog lamps relay.

19. High beam warning lamp.
20. Rear lamp failure warning lamp.
21. Rear lamp failure relay.
22. R.H. turn signal warning lamp.
23. L.H. turn signal warning lamp.
24. Turn signal switch.
25. Hazard switch.
26. Flasher relay.
27. Brake lamp switch.
28. Reverse lamp switch.
29. Tail lamp relay.
30. Light switch.
31. Headlamp relay.
32. Dimmer switch.
33. R.H. turn signal lamp.
34. R.H. stop/tail lamps.
35. R.H. reverse lamp.
36. Number plate lamps.
37. L.H. stop/tail lamps.
38. L.H. reverse lamp.
39. L.H. turn signal lamp.

Wiring diagram of lighting and warning systems with optional extras.

COLOR CODE

The first letter of the code represents the main wire color, the other letters represent the trace colors.

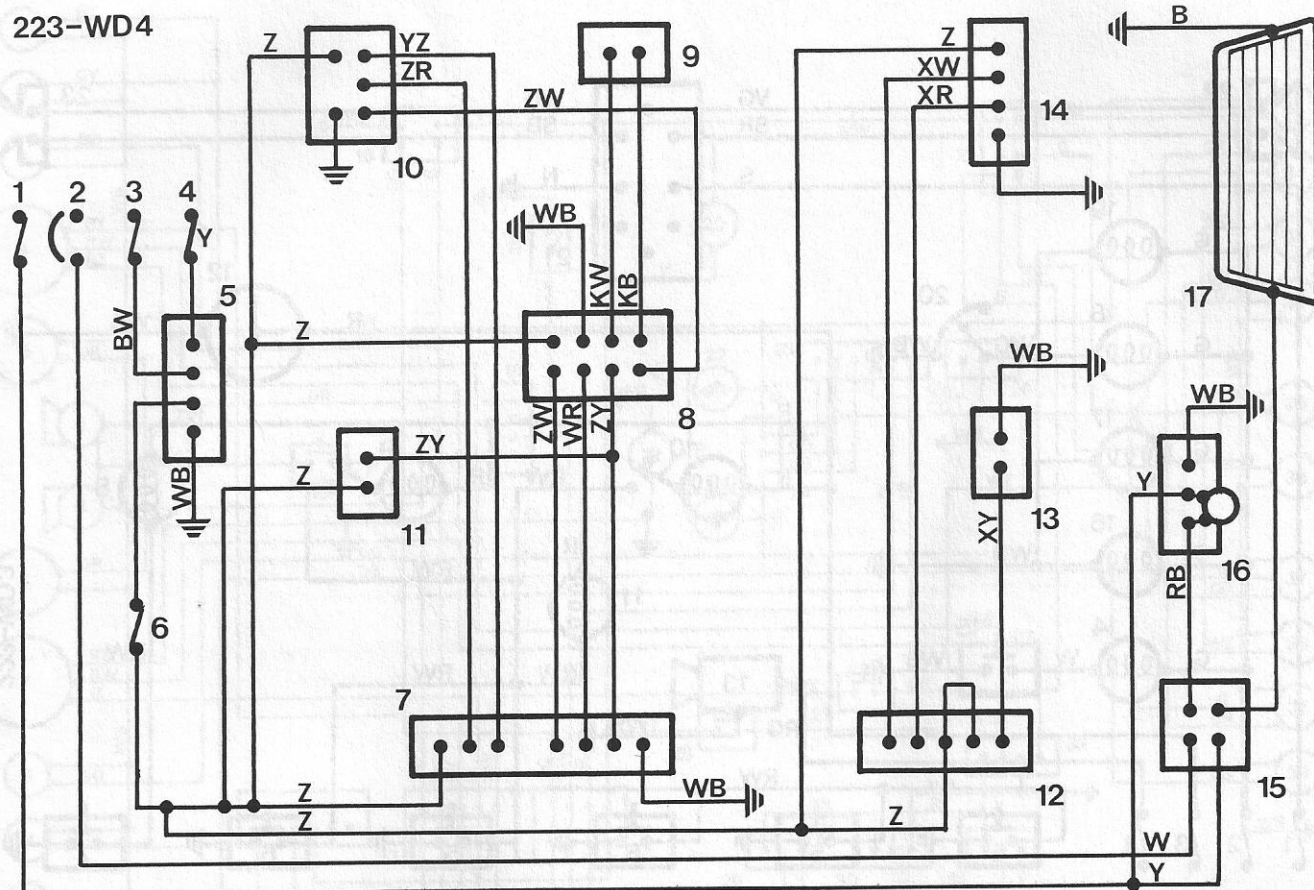

B — BLACK
 L — BLUE
 G — GREEN
 R — RED
 Y — YELLOW
 W — WHITE
 N — BROWN
 O — ORANGE
 K — PINK
 S — GREY
 V — VIOLET
 P — PURPLE
 X — LIGHT GREEN
 Z — LIGHT BLUE
 M — DARK GREEN
 T — DARK BLUE
 A — LIGHT BROWN
 E — SLATE
 D — TAN

KEY

1. 'Radio' fuse.
2. 'Tail' fuse.
3. 'Dome' fuse.
4. 'Cigar' fuse.
5. Door switches.
6. Tailgate switch (Station Wagon models).
7. Luggage compartment lamp switch.
8. Luggage compartment lamp.
9. Rear dome lamp (Station Wagon models).
10. Dome lamp.
11. Open door warning lamp.
12. Clock.

13. Cigarette lighter.
14. Glove compartment illumination lamp.
15. Glove compartment illumination switch.
16. Automatic transmission indicator lamp.
17. Cigarette lighter illumination lamp.
18. Dash panel illumination lamp.
19. Heater controls illumination lamp.
20. Rheostat.
21. Radio.
22. L.H. speaker.
23. R.H. speaker.

Wiring diagram of interior illumination and convenience systems.

COLOR CODE

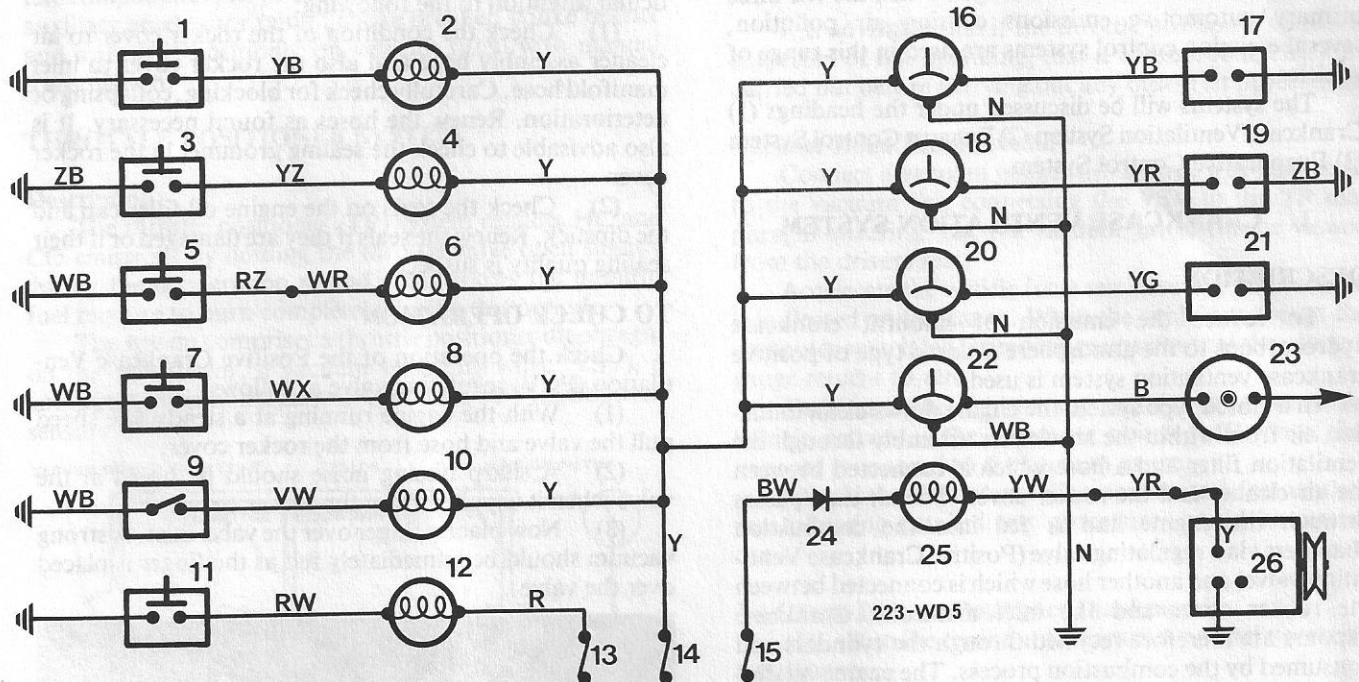

The first letter of the code represents the main wire color, the other letters represent the trace colors.

B — BLACK
 L — BLUE
 G — GREEN
 R — RED
 Y — YELLOW
 W — WHITE
 N — BROWN
 O — ORANGE
 K — PINK
 S — GREY
 V — VIOLET
 P — PURPLE
 X — LIGHT GREEN
 Z — LIGHT BLUE
 M — DARK GREEN
 T — DARK BLUE
 A — LIGHT BROWN
 E — SLATE
 D — TAN

KEY

1. 'Gauge' fuse.
2. Demister circuit breaker.
3. 'Ign.' fuse.
4. Fusible link.
5. Main wiper relay.
6. 'Wiper' fuse.
7. Front wash/wipe switch.
8. Front wiper relay.
9. Intermittent wipe switch.
10. Front wiper motor.
11. Front washer motor.
12. Rear wash/wipe switch (Station Wagon models).
13. Rear washer motor (Station Wagon models).
14. Rear wiper motor (Station Wagon models).
15. Rear window demister relay.
16. Rear window demister switch.
17. Rear window demister.

Wiring diagram of wiper, washer and rear demister systems.

COLOR CODE

The first letter of the code represents the main wire color, the other letters represent the trace colors.

B - BLACK
 L - BLUE
 G - GREEN
 R - RED
 Y - YELLOW
 W - WHITE
 N - BROWN
 O - ORANGE
 K - PINK
 S - GREY
 V - VIOLET
 P - PURPLE
 X - LIGHT GREEN
 Z - LIGHT BLUE
 M - DARK GREEN
 T - DARK BLUE
 A - LIGHT BROWN
 E - SLATE
 D - TAN

KEY

1. Oil pressure warning lamp switch.
2. Oil pressure warning lamp.
3. Fuel level warning lamp switch.
4. Fuel level warning lamp.
5. Park brake warning lamp switch.
6. Park brake warning lamp.
7. Brake failure warning lamp switch.
8. Brake failure warning lamp.
9. Rear lamp failure relay.
10. Rear lamp failure warning lamp.

11. Door switch.
12. Open door warning lamp.
13. 'Dome' fuse.
14. 'Gauge' fuse.
15. 'Ign.' fuse.
16. Oil pressure gauge.
17. Oil pressure sender.
18. Fuel gauge.
19. Fuel level sender.
20. Water temperature gauge.
21. Water temperature sender.
22. Tachometer.
23. Coil.
24. Diode.
25. Charge warning lamp.
26. Alternator.

Wiring diagram of gauges and warning lamps.
